**Kelly Midwood**

Personal service – trust the success

NOVEMBER 2020

Hi there,

Welcome to the latest Helpful Helpers - a list of recommended tradespeople and professionals who have been recommended to me by past and present vendors and purchasers. I have no alliance with any of them; they have merely been recommended as having done a great job.

If I hear that any work is not up to standard, I have been known to remove names from the list. To keep it a reliable resource, please inform me if you are not happy with any work done by the businesses within this booklet.

As always, I suggest that you get a couple of quotes to find the most suitable professional for you and your needs.

I hope these contacts help you in your quest to make your home "Show Home" ready or to place your stamp on your home.

Kind regards

A handwritten signature in blue ink that reads "Kelly Midwood". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.
